"BUY NOW AND SAVE"

These Prices Are Effective Until February 1, 1952
A 10% Increase In Prices After February 1st!

Are you interested in quality bulbs at quantity prices? We are still old-fashioned enough to believe in hand-digging, hand-cleaning and grading our bulbs, so there is no mutilation or bruising by machinery.

Our stock is guaranteed true to name and free from apparent disease and thrip. Our warehouses are gassed systematically as a precaution to control insects. We guarantee full size and count, hand-graded, and selected. All bulbs are treated with a fungicide-insecticide, ready to plant. Why mess around treating bulbs when you can buy bulbs already treated?

Field and storage are State-Inspected. Each and every order is inspected by a certified State Inspector before leaving our warehouse—this is your protection.

You will note that planting stock and bulblets are not listed on this list. If interested in smaller sizes, please write for special quotations. Also, we are growing some miniature and small-type glads, such as Dainty Miss, Betty Co-Ed, White Satin, Pink Ribbon, Fairy Fancy, and others. Space does not allow listing on this wholesale list, but if you are interested in growing something a little unusual, please drop us a card for quotations.

Prices are quoted F.O.B. St. Anne, Ill. Cash with order, or 25% deposit, balance C.O.D. A 25% deposit will hold bulbs until shipment is desired, providing it does not exceed March 1st.

A direction sheet showing bulb treatments, giving solutions, etc., and cultural directions will be included in your order as usual.

"Quality Has No Substitute"

Membership Blank of the
NORTH AMERICAN COMMERCIAL GLADIOLUS GROWERS
